

GREAT TEW PRIMARY SCHOOL

Matt Bull, Co-opted Governor

I became an associate member in September 2016 and then a full governor in 2020. I have been involved with schools for the last 20 years, in a variety of roles and am currently a Deputy Head at Bloxham School. I am passionate about the importance of a balanced education that enables children to not just cope but flourish. A real education provides so much more than just English, Maths and Science, if young people are going to go into the world, fully cooked and ready to make a difference.

I was born in the area and returned to work here when the first of our three children arrived. I have always loved sport and am currently the Chairman at Banbury Hockey Club, where I have been a member since birth. When time allows, I will try to read as much as possible and get to Lords to watch as much cricket as I can. We have three children, all of whom are now at either the school or in the nursery.
